## Component Mission

The Office of the Director of National Intelligence (ODNI) Deputy Director of National Intelligence for Intelligence Integration (DDNI/II) serves as the Director of National Intelligence's (DNI) senior leader for intelligence integration across the IC enterprise. DDNI/II is responsible for ensuring customer outcomes by leading advances in collection and analysis that ensure the quality, timeliness, and utility of insights for the nation's decision-makers. Additionally, DDNI/II is responsible for increasing expertise and improving tradecraft at all levels through specialization, integration, and collaboration. DDNI/II is responsible for the strategic vision, direction, and planning to deliver a more integrated IC reflecting the collective wisdom of our collection and analytic components to advance, in support of the National Intelligence Managers, the Unifying Intelligence Strategies (UIS).

## Major Duties and Responsibilities (MDRs)

- Lead the IC's production of strategic analysis of military issues related to conventional and advanced conventional weapons, and the employment of weapons systems worldwide, and advise the DNI on key developments and issues.
- Manage the preparation, production, and coordination of NIEs and other Community papers (to include IC Assessments, IC Briefs, and Sense of the Community Memoranda).
- Provide authoritative guidance on priorities, based on customer needs and analytic requirements, for both national intelligence analysis matters.
- Provide expert assessments to the DNI on analysis regarding military issues related to weapon systems and their usage, supporting the DNI's role of principal intelligence adviser to the President; prepare and coordinate background papers and briefing books for the DNI's participation in the National Security Council and Cabinet meetings, and Congressional testimonies.
- Brief senior IC members, policymakers, military decision makers, members of Congress, and other major stakeholders as necessary.
- Develop and sustain a professional network with IC analysts, analytic managers, and collection managers on weapons and military technology-related military issues.
- Review and analyze research and production plans regarding military technologies and their employment, identify redundancies and gaps, direct strategies to address gaps, and advise the DNI on gaps and shortfalls in analytic capabilities across the IC.
